

This hard-swinging band from Austin has delighted audiences throughout Texas since the late 90's and sports one of the busiest performance schedules in the region! It's current incarnation (created in 2006) features four of the hottest young jazz talents in the central Texas area. The group has captured the attention of such artists as Harry Connick Jr., Diana Krall, Elvis Costello, Lucien Barbarin, and Jeff Kashiwa. Whether it's a club date, wedding or educational event, the Kris Kimura Quartet will wow you with their unbeatable swing, devotion to the idiom, and unswerving professionalism!
